

Safeguarding Policy Statement

Reviweved on 20.09.2024

By: Parahat Akmuradov

Prepared Based on the KCSIE Updated On 1st Sept 2023 :

1.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1181962/Keeping_children_safe_in_education_2023_-_part_one.pdf

2. Introduction

Safeguarding is at the heart of all our work with children, young people and adults at risk. Lighthouse Educational Society has a duty to ensure that it makes arrangements to safeguard and promote the welfare of children and young people, and to protect adults at risk from abuse or the risk of abuse.

The legislation and guidance relevant to safeguarding and promoting the welfare of children and

adults at risk includes the following: The Children and Social Work Act (2017), The Children Act

1989 and 2004, Working Together to Safeguard Children (2015), No Secrets (2000), The Crime and

Disorder Act (1998), The Health and Social Care Act (2008) and the Care Act (2014).

3. Scope of the policy

The policy is to be used by any member of staff or volunteer working directly with children and young people, and Adults at Risk, *and to any other support staff or Trustee of the organisation who*

become involved in a child protection concern in the course of their work for Lighthouse Educational Society.

Children, young people, Adults at Risk and parents/carers are informed of the policy as appropriate.

The policy applies to anyone with whom we are in contact in the course of our work, who is a child,

a young person, or Adult at Risk. Where the policy or procedure refers to a 'child' or 'young person'

we mean anyone who has not yet reached the age of 18 years. An adult at risk is someone aged

18 years or over 'who is or may be in need of community care services by reason of mental or other

disability, age or illness; and who is or may be unable to take care of him or herself, or unable to

protect him or herself against significant harm or exploitation' (Department of Health, No Secrets,

2000).

This policy is reviewed, endorsed and approved by the board of trustees annually, or when legislation changes.

4. Purpose of this Policy and Procedure

This policy and procedure sets out how Lighthouse Educational Society implements safeguarding for

children, young people, and Adults at Risk with whom they come into contact in the course of their work.

Lighthouse Educational Society is committed to devising and implementing policies so that everyone within

the organisation accepts their responsibilities for safeguarding children, young people and Adults at Risk from abuse and neglect. This means following procedures to protect them and reporting any

concerns about their welfare to the appropriate authorities.

This policy and procedure helps us to achieve this by:

- Supporting us to safeguard children, young people and Adults at Risk in practice, by defining abuse and informing us what to do
- Ensuring we all work to the same policy and procedure
- Making sure we are accountable for what we do
- Being clear what roles and responsibilities we all have in safeguarding
- Saying what staff can expect from the organisation to help them work effectively

This policy is informed by and supports our organisational purpose and is how we comply with local

Safeguarding Children and Adults at Risk policies and procedures in the areas where we operate.

5. Who is a Child, Young Person, Adult at Risk?

Child/Young Person

A child or young person means someone who is under 18 years of age, that is, has not reached

their 18th birthday.

For Safe and Sound, this could refer to the child/young person we are working with directly, or the child of one of these young persons, or of another person, with whom we are in contact in the course of our work.

When concerns are raised about the child of a service user (child or vulnerable adult), the needs

of the youngest takes precedence.

Adult at Risk

This policy applies to any 'Adult at Risk', defined by the following:

Any person aged eighteen or over who -

- Is or may be in need of community care services by reason of mental or other disability, age or illness; and
- Is or may be unable to take care of him or herself, or unable to protect him or herself

against significant harm or exploitation.

Lighthouse Educational Society will sometimes be working with an Adult at Risk where a child/young person has reached 18 years and support is continuing, usually short term, or where a former

2

service user has joined our youth participation project. Also, Lighthouse Educational Society will come across adults at risk in the course of their work with families. There may be occasions when we come across adults at risk within the household of or associating with a child/young person or parent we are working with and we will adopt the Think Family approach, working with adult agencies to meet their needs.

In all instances, our approach to safeguarding Adults at Risk we are in contact with follows the same principles, and safeguarding processes as we do for safeguarding children. **6.**

Objectives of Policy

We will achieve the outcome by having these things in place:

- Safe organisational ethos
- Safe environment
- Safe processes for working with service users
- Safe collection and use of information, and ways of communicating
- Safe staff

Principles

In support of these objectives, we are committed to the following principle:

To achieve a safe ethos, we will

- *Work to support the organisational purpose which is to reach out to, and seek to protect, children and young people who are at risk*
- *Promote the safety of children, young people and adults at risk in all our work, both directly and indirectly through our partnership and campaigning work*
- *Support the spirit and practice of Lighthouse Educational Society's safeguarding ethos in all that we personally do*
- *Have in place quality assurance processes that help us to ensure we are all safeguarding in practice*
- *Treat all children, young people and adults fairly in being able to access services which meet their needs, regardless of gender, ethnicity, disability, sexual orientation or beliefs*

To achieve a safe environment, we will

- *Ensure the welfare and safety of children, young people and Adults at Risk is paramount in all our activities*
- *Listen to service users and take account of what they tell us in making decisions about them*
- *Take all reasonable steps to protect service users from harm, discrimination, and degrading treatment*
- *Practice with respect for children's rights, wishes and feelings*
- *Regularly assess and review safety risks which arise from premises, activities, equipment and*

travel arrangements, as outlined in the organisation's **Health and Safety Policy**

To achieve safe processes, we will

- *Take all suspicions and allegations of abuse, from inside or outside the organisation, seriously,*

and respond to them promptly and appropriately

3

- *Be clear about everyone's roles and responsibilities*
- *Implement safeguarding procedures that are compliant with the expectations of the safeguarding arrangements in the areas where we operate*
- *Have in place clear arrangements for how we would respond to concerns about how we implement safeguarding in practice within the organisation*

To achieve safe information, we will

- *Be clear with service users how the things they tell us will be used*
- *Publish our Safeguarding policy on our website*
- *Communicate promptly and clearly within Lighthouse Educational Society and with external agencies,*

and follow the requirements of information sharing protocols in the localities in which we operate

- *Keep good records of our work with service users and also of our management of staff's work*
- *Hold service users' information with care, and use it for agreed purposes only*

7. What is Child Abuse or Neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child

by inflicting harm, or by failing to act to prevent harm. Abuse means a child's rights and needs are

not being met as defined in The Children's Act 2004 and the United Nations Convention on the Rights of the Child (1989). Children may be abused in a family or in an institutional or community

setting; by those known to them or, more rarely, by a stranger. Abuse may occur through the actions of an adult or adults, or another child or children.

Where a child is disabled, injuries or behavioural symptoms may mistakenly be attributed to his/her disability rather than the abuse. Similarly, where a child is black or from a minority ethnic

group, aggressive behaviour, emotional and behavioural problems and educational difficulties may be wrongly attributed to racial stereotypes, rather than abuse. Cultural and religious beliefs

should not be used to justify hurting a child. Safeguards for all children and young people are the

same regardless of disability or ethnicity.

Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning,

suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces or causes ill health

to

a child whom they are looking after. This situation is called Induced Fabrication Illness by a Carer

(formerly known as Munchausen's by proxy).

Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying

4

to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Witnessing the harm of another person, such as in the case of domestic violence, is a form of emotional abuse. Some level of emotional

abuse is involved in all types of ill treatment of a child, though it may occur alone.

Sexual Abuse & Sexual Exploitation

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, including **sexual exploitation**, whether or not the child is aware of what is happening,

and whether it is for money or reward or not. The activities may involve physical contact, including penetrative contact (e.g. rape and buggery) or non-penetrative acts. They may include

non-contact activities, such as involving children in seeing or receiving or sending sexually suggestive emails or text-messages, or inappropriate behaviour in Internet chat rooms, involving

children looking at, or in the production of, pornographic material or watching sexual activities, or

encouraging children to behave in sexually inappropriate ways.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely

to result in the serious impairment of the child's health or development. Neglect may occur as a

result of maternal substance abuse during pregnancy. Once a child is born, neglect may involve

a parent or carer failing to provide adequate food, shelter and clothing, failing to protect a child

from physical harm or danger, failure to ensure adequate supervision including the use of inadequate care-givers, or the failure to ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Abuse of Disabled Children

Disabled children are at increased risk of abuse and those with multiple disabilities are at even more significant risk both of abuse and neglect. Parents of disabled children may experience multiple stresses. This group of children may be particularly vulnerable to abuse for a number of

reasons including:

- Having fewer social contacts than other children
- Receiving intimate personal care from a larger number of carers
- Having an impaired capacity to understand what they are experiencing is abuse or to challenge the abuser
- Having communication difficulties resulting in difficulties in telling people what is happening

5

- Being reluctant to complain for fear of losing services
- Being particularly vulnerable to bullying or intimidation
- Being more vulnerable to abuse by peers than other children

Disability is defined as:

- A major physical impairment, severe illness and/or a moderate to severe learning difficulty
- An ongoing high level of dependency on others for personal care and the meeting of other basic needs

Bullying

Bullying may be defined as deliberately hurtful behaviour, usually repeated over a period of time,

where it is difficult for those bullied to defend themselves. It can take many forms, but the three

main types are physical (e.g. hitting, kicking, theft), verbal (e.g. racist or homophobic remarks,

threats, name calling) and emotional (e.g. isolating an individual from the activities and social acceptance of their peer group). There is increasing use of new technologies as a tool for bullying

and such incidents should be taken seriously.

Self-Harming Behaviour

Children and young people who harm or attempt to harm themselves should be taken seriously.

The self-harming behaviour in itself may cause impairment of the child's health or development

and in some circumstances present significant harm or the risk of significant harm.

Self-harming behaviour may also arise alongside eating disorders and/or drug misuse.

Female Genital Mutilation (FGM)

Female genital mutilation is a collective term for procedures that include the removal of part or all

of the external female genitalia for cultural or other non-therapeutic reasons. The practice is medically unnecessary, extremely painful and has serious physical and mental health consequences both at the time and in later life. The procedure is typically performed on girls of 4 -

13 years but may be performed on new born babies or on young women. FGM can result in death.

FGM is a criminal offence (Prohibition of Female Circumcision Act 2003). Under the act it is an offence to arrange, procure, aid or abet female genital mutilation. Parents/carers may be liable under this act. It is also an offence to allow the procedure to be undertaken in another

country.

Where agencies become aware that a girl is at risk of FGM a referral should be made to Children's Social Care

Domestic Violence as Abuse

Domestic Violence is defined by the Home Office as: 'Any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are

or have been intimate partners or family members, regardless of gender or sexuality. This

6

includes issues of concern to black and minority ethnic (BME) communities such as so called 'honour killings'.'

The term domestic violence is used to include any form of physical, sexual or emotional abuse between people in a close relationship. It can take a number of forms such as physical assault, sexual abuse, rape, threats and intimidation. It may be accompanied by other kinds of intimidation

such as degradation, mental and verbal abuse, humiliation, deprivation, systematic criticism and

belittling. The term domestic violence includes the term domestic abuse

Forced Marriage

A forced marriage is one that is conducted without the full consent of both parties and where duress is a factor. Forced marriage can amount to sexual and emotional abuse and put children

or adults at risk of physical abuse. In circumstances where there are concerns that someone is at

imminent risk of a forced marriage urgent referrals should be made to Children's Adults' Social Care. In the case of a young person at risk of forced marriage it is likely that an initial discussion

with the parent, carer or other community member may significantly increase the level of risk to

the young person.

Internet Harm

Sexual exploitation (see above) also includes non-contact activities, such as involving children in

seeing or receiving or sending sexually suggestive emails or text-messages, or inappropriate behaviour in Internet chat rooms, involving children looking at, or in the production of, pornographic material of watching sexual activities, or encouraging children to behave in sexually

inappropriate ways.

Trafficking

Children can be trafficked into, within and out of UK for many reasons and all different types of exploitation. Trafficking is a form of child abuse and needs an appropriate safeguarding response.

Any child who is recruited, transported, transferred, harboured or received for exploitative reasons

is considered to be a victim of trafficking, whether or not they have been forced or deceived. This

is because it is not considered possible for children in this situation to give informed consent. Even when a child understands what has happened, they may still appear to submit willingly to what they believe to be the will of their parents or accompanying adult. It is important these children are protected too.

Children are trafficked for many reasons, including sexual exploitation, domestic servitude, labour,

benefit fraud, forced marriage, begging and involvement in criminal activity such as pick pocketing, theft and working on cannabis farms. They are likely to be subjected to other forms of

7

abuse, as a means of coercing and controlling them.

Trafficking is carried out by individual adults and organised crime groups.

Sexual activity with child/young person under the age of 18, or living away from home

Consensual sexual activity involving a young person under 18 years is not always abusive, but it

may be. A child's or young person's ability to consent can be impaired due to lack of freedom, capacity or choice; for example because of an age/power imbalance; because it is leading into sexual exploitation; because one person is in a position of trust with the other (e.g. a teacher); where one person is vulnerable because of disability or capacity; where the child/young person is

in the care of another away from home. No child under the age of 13 or under is able to consent

to any sexual activity according to the Sexual Offences Act (2003).

Child Criminal Exploitation

Child Criminal Exploitation is common in 'county lines' and occurs where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity

appears consensual. Child Criminal Exploitation does not always involve physical contact; it can

also occur through the use of technology. Criminal exploitation of children is broader than just county lines, and includes for instance children forced to work on cannabis farms or to commit theft.

8. What is abuse of an Adult at Risk?

Abuse is a violation of a person's rights or dignity by someone else. It can be done by anyone including relatives and family members, professional staff, paid care workers, volunteers, other users of services, neighbours, friends and associates or strangers. There are many kinds of abuse including:

Physical

This could be hitting, slapping, pushing and kicking.

Sexual

This includes rape and sexual assault or sexual acts to which the adult at risk:

- has not consented
- could not consent

- was pressured into consenting

Emotional/Psychological

This could be:

- emotional abuse
- threats of harm or abandonment
- depriving the person of contact
- humiliating
- blaming
- controlling

8

- intimidating
- coercing
- harassing
- verbally abusing
- isolating
- withdrawing a person from services or support networks

Financial or material

This includes:

- theft
- fraud
- exploitation
- pressure in connection with wills, property, inheritance or financial transactions
- misusing or misappropriating property, possessions or benefits

Neglect or acts of omission

This includes:

- ignoring medical or physical care needs
- failing to provide access to appropriate health care, social care or education services
- misusing medication
- inadequate nutrition or heating

Discriminatory

This includes:

- racist behaviour
- sexist behaviour
- harassment based on a person's ethnicity, race, culture, sexual orientation, age or disability
- other forms of harassment, slurs or similar treatment

Procedure for Making a Child Protection Referral

Step One

A child/young person makes an allegation or raises concerns about abuse, or your

assessment of the level of risk to a child changes

Or

An allegation or concern is raised by someone about a child/young person

Listen to the concern – do not ask detailed questions at this stage

Believe the child/young person

Reassure them they have done the right thing by telling

Explain what you will need to do with the information, who you will tell, who you won't tell, when you will tell, what might happen

Is the child/young person under 18 years of age?

Yes No

Follow this safeguarding procedure for a

9

child/young person under 18 years

Refer to the separate safeguarding

procedure for an Adult at Risk

Step Two

Make an immediate record of the concern or allegation, include details of the referrer, any alleged victim, any alleged perpetrator/s, date and time, how received (phone, text, email, letter, in person)

Step Three

Discuss what immediate action to take with the Designated Safeguarding Lead, or a colleague, if s/he is not immediately available, then proceed to **Step Four Step**

Four

You, or the Designated Safeguarding Lead, will talk the referral through with: Duty Officer within Children's Social Care or child/young person's own social worker (if a Child in Need or Looked After)

Follow up by emailing all details (see form SG1 - Appendix 1 for requirements) to the agreed social care officer recipient within 48 hrs of referral

SG1 must state which Safe & Sound officer, and which Children's Social Care officer, have agreed the referral

Step Five

Check that all actions have been taken

Record and sign all discussions and actions taken on the file, including the SG1 copy

9. Procedure for Supporting a Child or Adult at Risk Investigation or Plan

This process applies where Children's Social Care or Adult Social Care is investigating an allegation

or concern under safeguarding procedures for a child, young person or adult at risk, and Safe and

Sound has been or is involved as a referrer, or the subject of the referral is known to us. It is **not** the referral procedure for a safeguarding concern or allegation – see above Steps One

through Five

Procedure for Supporting a Safeguarding Investigation, or Plan

Step Seven

You have followed the procedure for making a safeguarding referral

Or

You are working with a child/young person/adult at risk subject to a safeguarding investigation or

plan,

Discuss and agree what concerns Safe & Sound has about the child, young person, adult at risk

with your line manager

↓

Step Eight

10

Respond to requests for reports or information from the relevant authorities

Log all requests and responses on the file

↓

Step Nine

Attend strategy, core group meetings when requested

↓

Step Ten

Are you continuing to work with the child/young person/adult at risk?

Yes

The worker and line manager will agree the work to be carried out and will monitor and review the level of risk the child, young person, adult at risk carries. Any change in risk assessment should lead Safe and Sound to consider if there is a need for a further safeguarding referral

No

Record the outcome of any strategy/core group discussions and decisions about the child/young person/Adult at Risk and pass to the Designated Safeguarding Lead to confirm that there is no further action required by Lighthouse Educational Society.

At all times Safe and Sound officers should know whether any children, young people, or adult at risk on their staff or volunteers' caseloads are subject to a safeguarding investigation or plan, and who they are

10. Adult at Risk Protection Referral

Procedure Step One

An Adult at Risk makes an allegation or raises concerns about abuse

Or

An allegation or concern is raised by someone about an Adult at Risk

Listen to the concern – do not ask detailed questions at this stage.

Believe the Adult at Risk & reassure them they have done the right thing by telling

Explain what you will need to do with the information, who you will tell, who you won't tell, when you

will tell, what might happen

Is the person over 18 years of age?

Yes No

Follow this safeguarding procedure for an

11

Adult at Risk over 18 years

Follow the separate Safeguarding Children

Policy and Procedure (page 8)

Step Two

Check the definition of an Adult at Risk and that this procedure applies

Make an immediate record of the concern or allegation, include details of the referrer, any alleged

victim, any alleged perpetrator/s, date and time, how received (phone, text, email, letter, in person)

Step Three

Discuss what immediate action to take with one of the Safe and Sound Designated Safeguarding

Lead. If s/he is not immediately available, then discuss with a colleague if possible

Step Four

You, or the designated manager, will talk the referral through with:

Call the Duty Officer within Adults Social Care.

Follow up by emailing all details (see form SG1 – Appendix 1 for requirements) to the agreed recipient within 48 hours of referral. The form must say which Safe and Sound officer, and which

Adult Social Services officer, have agreed the referral

Step Five

Check that all actions have been taken

Record all discussions and actions taken on the file, including the AP1

Respond to a request to attend a strategy meeting if required

11. Managing and Resolving Disputes over Agency Responses

If there is disagreement between Lighthouse Educational Society and Social Care or another agency as to

the appropriateness of a safeguarding referral, **always promptly** discuss and agree what to do next

with the designated manager or in his/her absence with the Safe and Sound Chief Executive. Follow

the relevant Local Safeguarding Children Board's guidance for resolving differences in professional

opinion and their escalation policy and process. Always keep in mind that the child or young person

or Adult at Risk's safety and welfare is paramount.

All staff and volunteers should clearly log a disagreement or dispute about how a safeguarding concern should be dealt with.

Where a disputed referral is re-referred, in the belief that this is necessary, the re-referral should

always be supported in writing, giving reasons.

12. Supporting Procedures & Processes

12

The following sections summarise the requirements of supporting policy, practice or procedures;

readers should look at the whole policy or procedure for further information. **12.1**

Recruitment of Trustees, employees and volunteers to work with young people This section summarises some aspects of Safe and Sound's **Recruitment Procedures**. The procedures set out below apply to both paid staff and volunteers, including Trustees, and students.

Applicants for both paid and voluntary positions that involve significant access to children and young

people or their information will complete an initial application form designed to extract information

about their past career, and to disclose any criminal record or other matter that has a bearing on

their suitability to work with children. Failure to disclose relevant information will result in disciplinary

action and possible dismissal. All Trustees, staff, and volunteers in direct contact with young people, and/or confidential information about them, will be subject to an enhanced DBS check on

recruitment.

An enhanced DBS check may be completed by Safe & Sound checking/seeing an enhanced check

made by the academic body for a student who will be on placement, if carried out as part of their

current degree programme.

At least two references will be taken up in relation to trustees, staff and volunteers, including, where

possible, at least one concerning previous work with children.

Posts will be subject to satisfactory clearance, and consent will be obtained from applicants to

carry

out Disclosures through the DBS, or a check through the DBS online portal. Please note, individuals registered on the DBS portal as volunteers, must undergo a new DBS check if they are

moving into a paid role. This will help to establish whether applicants have any criminal convictions

or other past behaviour that suggests they are unsuitable to work with children. A new DBS will be

completed – or online check carried out – every three-years.

Where a prospective employee, volunteer or trustee does have a criminal record that does not prevent them from working with children, young people and/or vulnerable adults or acting in their

particular role, their prospective line manager will have a discussion with them, and a risk assessment will be carried out to ascertain their suitability for the position for which they are applying. This assessment must be signed off by the CEO.

We recognise that the absence of any relevant Disclosure does not guarantee that the individual is

safe to work with children.

13

In line with the Data Protection Act 1998, all information received in relation to applicants will be

kept secure and treated with strict confidentiality.

The Board of Trustees recognises that we could take all reasonable steps to assess the suitability of

a potential employee or volunteer to work with children, but that these do not guarantee that an

individual is safe to work with children and/or vulnerable adults. Therefore, the Trustees and senior

managers will ensure that appropriate management, supervision, and support systems are in place

to reduce any risk to vulnerable people.

After appointment, all staff and volunteers will be inducted and trained in local safeguarding procedures and Safe and Sound policies, and their performance, and their training and development needs will be reviewed regularly by supervising managers. **12.2 Information**

Sharing Policy and Procedure

This section summarises the relevant requirements of Safe and Sound's **Confidentiality and Information Sharing Policy and Procedures**.

Consents to sharing information

Safe and Sound service users usually sign their consent for sharing information early in our contact

with them. Service users should always know what we need to do with information they give us,

and their wishes about how this is disclosed and used should be taken account of wherever possible, as long as this does not jeopardise their safeguarding, or make us avoid our responsibilities, or adversely affect their welfare.

Children and Young People

When working with children and young people, Safe and Sound will make it clear to children and

young people that they cannot offer unconditional confidentiality. Young people have a right to be

informed that their consent to share information will be sought in most cases, as well as the kinds of

circumstances when their consent may not be sought, or their refusal to give consent may be overridden. In all cases where practitioners feel that they have to break confidentiality with the child/young person, they must inform the child/young person and reassure them that their best

interests will be maintained.

If a child/young person does not have sufficient capacity or understanding to consent to sharing

information, it should be sought from the parents/carers of the child, except if doing so would increase to risk of harm to the child.

Parents/Carers

Information shared with safeguarding agencies on a need to know basis is not always appropriate to

14

share with parents and carers, and care should be taken not to share information with parents and

carers that is not consented to by the young person, unless not to do so would be inconsistent with

their safeguarding and welfare.

Adults at Risk

Information to be shared should only be that which is relevant to safeguard adults at risk. An adult

service user should normally consent to information sharing but this consent may be overridden in

certain circumstances, especially when there is a risk of harm, and the adult does not have capacity

to understand and consent, or there is crime. Guidance is to be found in the relevant Local Safeguarding Board Adults at Risk procedure.

13. Roles and Responsibilities

This section describes the general roles and responsibilities held by different positions in the organisation with regard specifically to safeguarding. It does not describe 'what to do' in a particular

situation, which will be found in the 'Procedures' section. Nor does it describe all their roles and responsibilities, which are in their job descriptions.

Trustees

- Uphold the safeguarding ethos and purpose of the organisation
- Have a trustee with lead responsibility for safeguarding
- Agree to safeguard policies and procedures and review these annually
- Satisfy themselves that policies and procedures are carried out

- Include safeguarding as a standing item at full board meetings
- Actively involve the designated manager to set the safeguarding procedure in the train when becoming personally aware of a safeguarding issue in the course of their work for Lighthouse Educational Society

In the event of any unexpected situation, the related parents will be contacted/informed immediately by the DSL or DDSL

Designated Safeguarding Lead(DSL)

The Trust Designated Safeguarding Lead(DSL) is **Elif Aycicek** (Mentorship Director).

She is well trained with the following certificates: 'Child Protection Fundamentals, First Aid, Raising Awareness of Trafficking and Modern Slavery, Fire Safety, The Prevent Duty, Safeguarding Adults'

DSL is the appointed person to act in any scenario which may take place before, during and after the classes.

15

DSL will be reachable via standard callings and or video callings if necessary.

The DSL will always engage with social workers, and attend all multi-agency meetings, that can be done remotely and this is in line with Local Authority Emergency Protocols.

The Trust Deputy Designated Safeguarding Lead(DDSL) is:

The designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advice on the response to safeguarding concerns. Any staff member who has any concerns about a child's welfare should follow the processes set out in paragraphs 55-70. Staff should expect to support social workers and other agencies following any referral.

- DSL and DDSL are aware that they can contact Sima Hirani:
<https://www.educationservicesmedway.org.uk/Article/63912>

Report A Safeguarding Concern
